**A message from the King (of the Health Department): Consuming raw or undercooked meats, poultry, seafood shellfish or eggs may pose an increased risk of foodborne illness.*

Dear guests: Due to the current production issues within the meat industry, the entire country is experiencing a significant impact on the price of beef. As a result, we've had to temporarily increase prices on beef items. We anticipate this to be a short-term measure and we will return to our regular pricing as soon as possible.
